Maximum courtesy must be practiced at all times, especially with regards to boating and angling in the vicinity of non-competitors who may be on tournament waters. ## **9. BOAT IDENTIFICATION:**

Each boat MUST be given, prior to each day's start an inspection check by a tournament official, also a number which MUST remain with your boat until check-in each day.

## **10. BOAT OPERATION AND EXPENSE:**

A full discussion MUST be held between the two partners prior to a morning departure as to the schedule of boat operations. This schedule must permit each partner equal time to fish from the front of the boat and to operate the trolling motor, so as to afford each partner the opportunity to fish selected waters an equal number of hours. Distance traveled to fishing locations must be considered in order not to deprive either partner fishing time while traveling to and from fishing waters. If a contestant waives the above rights, they shall retain the right to select the fishing waters for one half of the tournament day. Any contestant who, in the judgment of the officials, operates the boat in such a manner as to unfairly handicap his partner shall be disqualified. In view of the large expense involved in operating and maintaining a tournament bass boat, boat owners are here for your fun and safety and agree to volunteer services for the youth. Any funds for compensation given to the boat owner for their services are totally left up to the contestants/parents and are not required.

## **11. PERMITTED FISHING LOCATIONS:**

Tournament waters shall be established by the Tournament Director at each tournament. Fishing on the tournament waters is permitted anywhere except: Within 50 yards of any marina gas pump or within 50 yards of another competitor's boat which was first anchored or secured in a fixed position. No such boat shall permit selected competitors to fish within the 50-yard circle claimed by him, to the exclusion of any other competitor. Any water within these boundaries posted OFFLIMITS or NO FISHING by State or Federal agencies will be OFF-LIMITS. Also, the live-bass release area established by the Tournament Director will be OFF-LIMITS and will be announced at the Tournament meeting. Only that water open to ALL public fishing will be considered tournament waters. Any water closed to public fishing will be closed to this tournament's contestants. Host marina will be off limits as will be all wakeless speed areas of that marina, launch, and boat recovery area. The Tournament Director may alter this area as competitors wishing to change fish habitat by placing any object in the tournament waters may do so if such action does not violate state or federal regulations.

## **12. CONTESTANT MUST REMAIN IN BOAT:**

Contestants must not depart the boat to land fish. Boats must remain in tournament waters during tournament days. Contestants must leave and return to official checkpoint by boat. Both competitors must remain in boat at all time, except in case of dire emergency. \* In such an emergency, competitors may be removed from their boat to: A boat operated by other competitors or a rescue boat. Partners must remain together at all times, in sight of each other and each other's catch under the conditions cited

above, in order for their catch of that day to be scored in the tournament. If a competitor **MUST VIOLATE ANY OF THE ABOVE CONDITIONS** (to contact a tournament official by

phone or other means or to report an emergency or breakdown) both competitors must cease fishing at this point, and their catch must be verified by a tournament official in order to be counted in the tournament. A competitor may bring in bass and partner's bass in another boat in such an emergency that the boater cannot leave his boat for whatever reason. The bass must be plainly marked and segregated by means of weigh bags. If after the emergency situation is resolved by tournament officials and enough time is left for the competitors to resume fishing, a RE-START will be allowed and the competitors will continue and their catch will be counted. This applies only to dire emergency situations. Trailering of boats during tournament hours is prohibited, except by the direction of tournament officials. \* If the need should arise, person (s) may leave the boat for use of Restroom.

### **13. OFFICIAL CHECKPOINT:**

There shall be only one official point for blast off in the morning, and check-in in the afternoon. This point shall be designated at the tournament meeting. At the time of check-out, all competitors and their boats shall be in full conformance with all rules set forth by the Tournament Committee; at check-in, all boats shall identify themselves by means of the numbered tags and proceed immediately to the designated weigh-in area. Partners must stay together, and tags must be turned in at check-in.

### **14. SCORING:**

Tournament standing, auxiliary awards and final winners shall be determined by the pound and ounce weight of each competitor's catch during the competition days of the tournament. Only largemouth and smallmouth bass will be weighed. The limit shall be five (5) of the mentioned species and varieties per day, or a special limit established for a particular tournament by the Tournament Director, in which case the state limit, or special limit, shall be tournament limit. All competitors are bound by the prevailing statutes and regulations of the various states in which they fish. At no time shall a competitor have reduced to possession of more than the limits described above (Cull Down before leaving). Tournament officials may conduct checks for violation of this provision, and in the event a competitor has reduced more than the above described limits to possession, shall cull the largest bass first, down to the limit described. There shall be no culling of bass within the check-in area. Any competitor who enters weigh-in area with more than a legal Tournament limit, shall be penalized their largest fish plus one pound. The official length for bass shall be determined by the Tournament Director and announced at the tournament meeting. In most cases it will be twelve (12) inches. Only bass as described above which measure the official length or more on a Flat Board with mouth open and swished tail, shall be weighed. All fish will be released alive after the weigh-in if possible, with a minimum of at least  $\frac{1}{2}$  mile from weigh-in site. A trophy bass may be kept, but it must be claimed and so designated by the competitor at the weigh-in. Bass presented for weigh-in which fail to measure the official length shall accrue penalties at the rate of one pound for each such bass. This penalty shall be deducted from the total score of the competitor. Any bass that appears to have been mangled, mashed, mauled, or otherwise altered will be

weighed and credited only at the discretion of tournament officials. Each competitor must present his catch to the weigh-in officials, and the angler must certify the weight of catch for that day. Once a competitor's catch is measured,

counted and verified by a tournament official, that contestant may not return to his boat until his catch has been weighed and recorded. Bass must not be strung at any time during the tournament. It has been determined that stringing decreases the chances of a bass's survival, and bass mishandled may be disqualified. Specially designed bags, which increase survival rate, will be furnished by the Tournament Committee, and these bags must be used for the weigh-in. There will be no culling of dead fish.

## **15. DON'T KILL YOUR CATCH:**

Each competitor is expected to keep bass alive by use of a properly aerated live-well. The few bass, which do not survive, will be used for scientific study and for charity. Angler must keep dead or injured fish to comply with state laws. There will be no culling of dead fish.

## **16. PENALTY POINTS:**

For each legal dead bass presented to weigh-in officials, the competitor shall be penalized 4 Oz. of a pound to be deducted from his daily score. The Tournament Director and his designated appointees shall have sole authority for accessing penalty points.

## **17. LATE PENALTY:**

Competitors who are not in the official check-point area as described in Rule 13 at the appointed time, shall be penalized at the rate of one (1) pound per minute to be deducted from the total weight of catch that day, including any weight to be counted toward a "lunker award", for each one (1) minute competitor is late. Any competitor more than 15 minutes late shall lose all credit for that day's catch. There shall be no excuse for tardiness, and in no case shall a competitor be allowed to make up "lost time". After proper recognition at the check-in point, competitors will be allowed ample time to proceed to the weigh-in site; however, all fishing must cease upon check-in. After the tournament begins, fishing the tournament waters is prohibited except during the tournament hours. Exact starting and check-in times will be announced at the tournament briefing.

## **18. TIES:**

In case of a tie, the number of Fish will break the tie, Big Fish will be used to break further ties.

## **19. PAIRING OF CONTESTANTS:**

Two (2) contestants will be assigned to each boat wherever possible, no contestants from the same locale will be paired. Announcement of your first day fishing partner shall be made at the tournament briefing, which must be attended by each competitor. It shall be the responsibility of each partner to appear at a mutually agreed upon location with sufficient time remaining to check-out at the official checkpoint and start on time. Tournament officials shall have no responsibility for finding missing partners. It is

suggested that a minimum of thirty (30) minutes is required for preparation to depart to the check-out point. When two contestants checkout at the beginning of the day, they must stay

together and within sight of each other and each other's catch throughout the day until the weigh-in is completed except in case of dire emergency (**See Rule 12.**) A contestant must not allow any bass

caught by him to be counted on the score of another contestant. In such a case, both contestants shall be disqualified from this tournament and all others in the future. No boats will be sent out with only one (1) competitor or with three (3) competitors unless absolutely necessary because of breakdowns or uneven pairings.

## **20. Boarding:**

None of the above rules shall prohibit a properly designated tournament official from approaching or boarding any competitor's boat at any time during the competition days.

## **24. Closing:**

Great effort, study and research have gone into the formulation of these rules. Interpretation and enforcement of these rules shall be left exclusively to Tournament Officials.
